

Carer Policy/Instructions

INSTRUCTIONS FOR CARERS

Welcome! Thank you for attending a Casey U3A class as a carer. We are grateful that your assistance enables our member to attend their chosen class.

We ask that you read the following instructions to enable your visit to be enjoyable and safe for both yourself, the member in your care and the other members in the same class.

- Casey U3A Inc are not registered service providers under the NDIS. We do not address the legislated disability service standards. Because we are a Not for Profit Community group it is inappropriate for us to offer or deliver services we are not qualified to deliver.
- Whilst attending one of our classes we ask that you accompany the member in your care at all times and assist them to participate in class activities so far as is safe and your role allows.
- The member in your care may be excluded from any class activity or use of any equipment if assessed as unsafe due to age, knowledge, ability, or intellect.
- Please contact the Tutor or Class Leader if you consider that the member under your care may be being placed in jeopardy through attempting an activity which you consider to be unsafe. The Tutor may wish to pass the issue to Casey U3A Committee of Management.
- It is the policy of Casey U3A that if anyone, attending one of our classes, requires urgent medical assistance the procedure is to call "000" and request an ambulance.
- As you are attending a Casey U3A auspiced class or activity we request that you complete an application form to ensure that we have a record of your details. You will be enrolled as an Honorary member, at no cost, for as long as you attend with the member under your care.

Thank you for your understanding.

This Instruction to Carers was adopted by the Committee of Management of Casey U3A and minuted as such on 28th November 2019.
